

FOR IMMEDIATE RELEASE

Custom Cleaning and Management Services, Corp. Achieves Cleaning Industry Management Standard Green Building Advance by GBAC with Honors. ISSA CIMS® GBAC ENHANCED - GB Certification with Honors

Jupiter, FL – August 12, 2024 – Custom Cleaning and Management Services, Corp. (CCMS), a leading provider on commercial cleaning programs and facility maintenance management solutions, proudly announces that it has achieved Cleaning Industry Management Standard (CIMS)® GB enhanced by GBAC Certification with honors certification from ISSA. CIMS GB with Honors is designed to help companies improve cleanliness outcomes, deliver better service and control costs. Certified companies have the necessary structures, processes, procedures, and supporting documentation in place to meet customer needs, while also addressing the heightened demands of cleaning for health and safety.

CIMS® GBAC Green Building Certification with honors highlights CCMS's adherence to rigorous hygienic best practices, environmental standards and sustainable practices.

Veronica Vidal, CEO/President of CCMS, expressed her enthusiasm, stating, "We are thrilled to receive these prestigious certifications. They underscore our unwavering dedication to delivering top-notch cleaning services while prioritizing Health, Sustainability and Green Building practices. I want to extend my heartfelt thanks to our dedicated team members who have worked tirelessly across Florida and Texas. Their hard work and commitment have made these achievements possible. Our clients can trust that CCMS not only meets but exceeds industry standards in both service excellence and environmental stewardship."

CIMS GB with Honors is the first consensus-based management standard that outlines the primary characteristics of a successful, quality cleaning organization. It ensures companies follow the proper use of disinfection products and the stringent manufacturer procedures for accurate and effective use. Designed to assist cleaning companies of all sizes, CIMS GB with Honors applies six core elements of management best practices, including:

- Quality systems
- Service delivery
- Human resources
- Health, safety, and environmental stewardship
- Management commitment
- LEED EB: O&M

CCMS's comprehensive approach to cleaning and facility maintenance services ensures that clients receive tailored solutions and programs that enhance the cleanliness, health, and sustainability of their facilities. With these new certifications, CCMS continues to lead the industry, setting new benchmarks for quality and sustainability.
